

Proposed Guideline for Kurtherian Gambit Universe (KGU) Fans Write Fiction

8 December 2017

1. Respect the Rights of Others: We take violations of laws and proprietary rights very seriously. It is your responsibility to ensure that your content complies with all laws and does not violate the copyright, trademark, privacy, publicity, or other right of any other person. The use of unauthorized third party intellectual property (including but not limited to characters, logos, or lyrics) is prohibited.
2. Choose Your Words with Care: Offensive content is prohibited, including but not limited to racial slurs, excessively graphic or violent material, or excessive use of foul language. If a character curses, try to keep it creative and on the light side.
3. No overtly sexual content
4. Characters, events and materials: You may not use major characters from KGU except in passing, including but certainly not limited to situations such as, they meet in the hallway and chat or Lance orders an attack on some ship. Under no circumstances may a character do or say anything that would alter canon for the published universe (No marrying or killing off major characters, blowing up allied or enemy planets and such.) If in doubt, check with Lynne by posting in the Group. She will be checking each day several times to answer queries.

Similarly, you may not invent new technology/means of transport for the universe. If they don't have it in the timeframe/age in which you're writing, don't add it.

5. Cultivate One World at a Time: We don't permit crossovers from other Universe, meaning your work may not include elements of any copyright-protected book, movie, or other property outside of the elements of this Universe.
6. Have fun! And if you miss this one, there will most likely be another.
